

CLAY & PLAY

• CLAY & PLAY ~ Kids Pottery Workshop

- Rouge would like to conduct a kids pottery workshop.
- **When: 28th August OR 29th August, 9:00 am -11:00 am**
- **at ArtSpace Rouge, 8 Sturdee Lane, Lovett Bay**
- **Cost: \$20 for 2 hour class which includes all materials, bisque & glaze firing**
- This workshop is for absolute beginners (10 years & under)
- so no prior knowledge of working with clay is needed.
- There will be a few pottery projects ~ the kids can choose
 - **Scotland Island Fair**
 - My aim for this pottery workshop is for the kids to produce their own pottery pieces. And if they wish, they are most welcome to join with Rouge at her stall, to sell their work at the Scotland Island Fair day on 12th September.
 - **Postcard from Pittwater Project**
 - Part of the Island Fair is a 'Postcard' exhibition created by the local community. I would like to work with the kids, where they too can create their own little 'postcard artwork' (postcards provided)
 - Postcards will be exhibited in the Community Hall for the fair. Postcards will be sold for \$5, proceeds to Island Kindy & Indigenous Interests Group.
 - If some of the projects are not completed by the end of the workshops on 28th & 29th August, then a follow on workshop can be organised to complete the "masterpieces" (to be confirmed)
 - Kids should bring old clothes, shoes, snack, drink.
Fruit snack will be provided
 - * Any glazing of work and firing of the kiln will be done by Rouge outside of workshop hours.
 - * No toxic materials will be used
- **To be part of this fun project and for any further information you require please contact Rouge**
