

# Church Point Commuter Wharf

Council wishes to advise that as part of Council's agreement to the grant funding of the commuter wharf with Roads and Maritime Services, some sections of the commuter wharf are to be designated for short term public use.

## **Drop Off Zone – No Tie Up** **Short Stay Zone – One Hour Maximum Stay**

The Drop off zone has been created to allow commuters to drop off goods or passengers within close proximity to the wharf access ramp.

A third area (**Small Boats Only – 2.5m or under**) has been created as some users have been concerned with access around this section of the wharf at dead low tides. The accommodation of small boats in the areas should alleviate this problem.

Any enquiries please contact Pittwater Council's  
Principal Landscape Architect, Mark Eriksson on 9970 1281
