## ABOUT THE SHOW

*"I'm following the water, afloat with the current. I'm almost there."*

**Lucky is a story of hope, determination and illusion.**

A young man puts his faith in a human trafficker to guide him across a treacherous sea in search of the brother who set sail before him. He dreams of a better life for himself and his family, but what will he wake up to?

This evocative and poetic text is realised in a work of exquisite physical theatre, taking the audience on a journey that ebbs and flows between life and death, fears of the unknown and visions of a new land.

**Join us for this unique Australian Premiere @ New Theatre 542 King Street, Newtown.**
